At DentalSafe, every treatment is planned to deliver visible results, comfort throughout the process, and maximum durability. You are not just undergoing a procedure—you are investing in self-esteem, health, and confidence in your everyday life.

Dental Cleaning — The First Step Toward a Healthy Smile

What you gain:

- An immediate feeling of a clean mouth
- Fresher breath
- Prevention of more serious problems (saving money in the future)

How it works: Removal of plaque and tartar using ultrasound, followed by polishing.
Duration: 30–50 minutes | **Price:** $40–$85

Result: Immediate, from the very first session

Teeth Whitening — Whiter Teeth in Just a Few Days

Ideal for people who want to:

- Improve their appearance quickly
- Remove stains from coffee, wine, or cigarettes
- Feel more confident when smiling

How it works: Professional whitening gel applied in the clinic or used at home under supervision.
Duration: In-office: same day | Full treatment: up to 14 days | **Price:** $180–$450

Result: Up to 8 shades whiter, with results lasting up to 3 years

Dental Filling — Treat Cavities Before They Become a Bigger Problem

Why act quickly:

- Avoid severe pain
- Prevent the need for root canal treatment (which costs more)
- Restore the tooth immediately

How it works: Removal of decay and reconstruction with aesthetic resin.
Duration: 30–60 minutes | **Price:** $50–$140

Result: A like-new tooth, without pain

Root Canal Treatment — Relieve Pain Without Losing the Tooth

What it addresses:

- Relief from severe pain
- Internal tooth infection
- Risk of tooth loss

How it works: Removal of the internal infection and sealing of the tooth.

Duration: 1–3 sessions | **Price:** $200–$500

Result: Relief from the first session and preservation of the tooth

Dental Implants — Get Your Tooth Back Permanently

Ideal for people who want to:

- Chew confidently again
- Improve the appearance of their smile
- A long-term tooth replacement solution

How it works: A titanium post placed in the bone, topped with a natural-looking prosthetic tooth.

Duration: 3–6 months | **Price:** $900–$2,000

Result: A natural appearance and durability of more than 10 years

Braces and Orthodontic Treatment — A Straight, Harmonious Smile

Recommended for:

- Bite correction
- Teeth alignment
- Comprehensive aesthetic improvement

How it works: Options: Traditional braces, aesthetic braces, or clear aligners.

Duration: 12–36 months | **Initial cost:** $180–$450 | **Monthly:** $35–$90

Result: A complete smile transformation

Tooth Extraction — Fast, Safe Relief

Recommended for:

- Severely damaged teeth
- Impacted wisdom teeth
- Advanced infections

Duration: 20–60 minutes | **Price:** Simple extraction: $50–$90 | Wisdom tooth: $140–$400

Result: Pain relief and prevention of complications

Recovery: 3–7 days

Dental Veneers — Your Perfect Smile in Just a Few Days

Ideal for people who want:

- A celebrity-style smile
- To correct tooth shape, color, and alignment
- Immediate, striking results

How it works: Ultra-thin porcelain shells bonded to the teeth.

Duration: 2–3 appointments | **Price:** $400–$950 per tooth

Result: A beautiful smile, with durability of up to 15 years

Why Choose DentalSafe?

- Fast appointments (within 72 hours)
- Same-day procedures whenever possible
- Modern technology and patient comfort
- Planning with predictable outcomes
- Convenient payment options

Schedule Your Assessment Today

The longer you wait, the bigger the problem—and the higher the cost—may become. At DentalSafe, you can address everything from basic care to comprehensive treatments with safety and predictable outcomes.
